

Subscribing to a Google Group

The Swim Team has a Google group devoted to announcements for the CSC Swim Team. If you are subscribed to the group, you will automatically receive emails of all announcements made to the group by the coach or others involved with planning things for the Swim Team. The Google group is the primary form of communication for the Swim Team, especially for late-breaking news or announcements.

To subscribe to any Google group, you must first create a Google account, a very simple and secure process. So far, the Google group has worked extremely well with no technical glitches, so those of you with poor experiences with Yahoo groups may well be pleasantly surprised if you join.

To join from the Swim Team web site...

1. Go to the Swim Team home page at <http://caryswimclub.net/swimteam.html>. On the left side under the side menus is a bulleted list called "Subscribe to Google Groups". Click on the link called "CSC Swim Team". This will take you to the Google groups page for Cary Swim Club Imps. If you want to subscribe to the Google group for the Cary Swim Club announcements, click on the link called "Cary Swim Club". This group has announcements concerning pool closings and other information of interest to all pool members.
2. On the Google page click on the link on the right hand side that says "Join this group." This will take you to the "Welcome to the new Groups" page.
3. On the right hand side, click on the link "Create an account now." If you already have a Google account, sign in instead. FYI, Google accounts are based on your email address. If you would like to sign up to receive emails at more than one account, you will need to create additional Google accounts for each additional address.
4. When you have completed the form that is displayed, an email is sent to the address you listed. In order to activate your account, you need to open this email and click on the included link.
5. You should now have access to the Swim Team Google group <http://groups.google.com/group/cary-swim-club-imps?hl=en>. You can reach the group from the Swim Team home simply by clicking the Google group link discussed above.
